### Is the President a "Pistol Toter?"

Under the above head the Baltimore News calls attention to a report that the President attended the laying of the corner-stone of the Masonic Temple in Washington on Saturday last and that, while the Grand Master was tying the symbolic white apron around the President's waist, it was necessary to raise the tails of his coat, and that the butt of a revolver was thereby disclosed protruding from the right hip pocket of his Excellency's trousers.

There is nothing very new about this charge. The same charge was made a year or more ago on the occasion of one of the President's trips to New York. At that time it was said that the wind had blown his coat-tails to one side as he was mounting the gangway of one of the government vessels, and that a "gun" was disclosed in his hip pocket. Photographs of the occurrence seemed to bear out the assertion.

Well, what of it? After the dire threats of Foraker, Harriman and Rockefeller, and the Ananias-prevaricator designations applied to Bellamy Storer and Dr. Long, coupled with the well known admiration of the President for Bat Masterson, Buffalo Bill, Wild Bill, Texas Jack, and other famous gun-fighters, what else could you expect?

In his travels up and down the face of the country it is not possible that his Excellency may at any moment "cut the trail" of any one of his enemies and have immediate and pressing need for his "shootin' iron."

Or, on the other hand, is it not probable as well a possible that a chance meeting with Buffalo Bill, Wild Bill, Bat Masterson or Texas Jack might bring an invitation to an exhibition of prowess in shooting rings around a telegraph pole or putting dents in dollars thrown into the air? In such a case, it would sound nice for the President to be forced to say, "Pard, you'll have to lend me your gun. I left mine at home." Now wouldn't it imagine the scornful manner in which Bat would probably reply, "Well, I'll be—jiggered!"

DeWitt's Kidney and Bladder Pills are unequalled for backache, weak kidneys, inflammation of the bladder and all urinary troubles. A week's treatment for 25 cents. Sold by Blencowe's Pharmacy.

W. C. T. U. Festival

The Berryville W. C. T. U. will hold its annual festival in Winston Hall on the nights of June 27 and 28, and will undoubtedly receive a large patronage—which it deserves. Ice cream, cakes, fruits, strawberries, and other refreshments will be served in the best style. The public is cordially invited and expected to attend.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, use DeWitt's Carbolic Witch Hazel Salve. Sold by Blencowe's Pharmacy.

Public Sale of Household Goods, Etc.

### Candidate for Supervisor?

Our old and esteemed friend, Mr. John R. Castleman, of Gaylord, has returned from attending the Richmond Reunion, and was in town yesterday. There is strong probability that Mr. Castleman will be a candidate for Supervisor from Battletown District this year, and his many friends are urging him to make the fight, with his banner raised in favor of good roads and good schools. He would not give the COURIER anything for publication yesterday, but his announcement card can be looked for at any time.

It is also rumored that the present Chairman of the Board, Mr. J. E. Barnett, is not a candidate for reelection; and, if that is the case, Mr. Castleman can be elected without half trying.

If elected to that office, the COURIER believes Mr. Castleman would make an efficient Supervisor. He believes that the money now spent in roads should produce better results than are shown, and he is not alone in that belief.

He also believes in many other long-needed and denied improvements for the County.

All stomach troubles are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of trouble, strengthens the digestive organs, digests what you eat. Sold by Blencowe's Pharmacy.

Get a Competent Umpire.

A large number of Berryville and Clarke county people attend baseball games in Winchester, and so far as we can learn, they are well satisfied with the good article of baseball shown there by the Winchester and strong visiting teams, but without exception the Clarke county people complain of the incompetence of the umpires.

It was our pleasure to see Mr. Wagner (one of the city mail carriers, we think) umpire a number of games in Winchester last summer, and the only fault we could see in his work was his slowness in getting to the bases so that he could render decisions on close plays.

We think he was eminently fair, otherwise.

The complaint is made that the 1907 umpiring is not even "square," and we hope the Star will call the attention of Manager Brown to this complaint, as great injury can be done the game if it is believed that Winchester will win, even if the other team is the best.
